Ref: Contract Limit on Silver

Dear Gentlemen,

I have written to you in the past on this matter, and it appears, that all request to you have been ignored with no explanations. I feel that I am entitled to an explanation as to why the silver market is better off, and functions better at your limits of 5,000 contracts, which I understand is not monitored, and stays completely out of range, which is all allowed under your expert guidance, as to my suggestion of 1,500 limit.

I am requesting again that you consider lowering to a 1,500 contract position limit for silver.

Sincerely,

John B. Herndon
